

Percentage of all CCC Students by Ethnicity and Puente Students Persisting in First Three Consecutive Terms

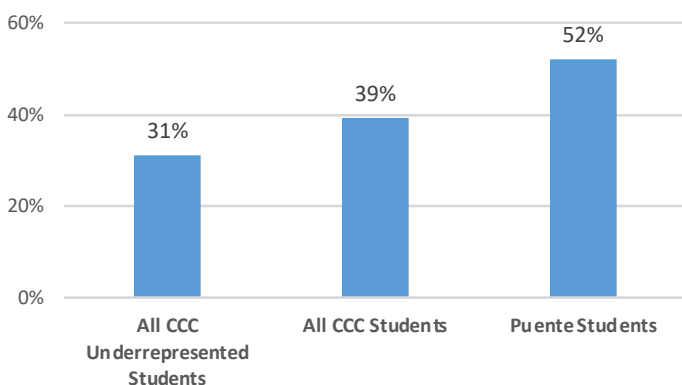

UC/CSU Graduation Rates of California Community College (CCC) Transfer Students and Puente Students

Retention and Graduation

- ◆ Puente students maintain enrollment continuity more often than all California Community College (CCC) students statewide. More than eight in ten, or 83% of Puente students enroll in three continuous terms compared with 71% of all CCC students statewide. [Sources: CCCCCO; Puente Project]
- ◆ Puente community college students maintain the benefits of program participation, and are as apt to attain undergraduate degrees as students of ethnic groups with well-established patterns of academic achievement at both the UC and CSU systems. On average, 91% of Puente transfers to UC and 76% of Puente CSU transfers graduate within four-years. The Puente four-year graduation rates for UC and CSU compare favorably to those of CCC Asian (88% and 73%) and CCC White students (89% and 77%). [Sources: UC Info center; CSU Chancellor’s Office; National Student Clearinghouse; Puente Project]
- ◆ Over half (52%) of Puente community college students transfer to four-year institutions. The rate Puente achieves compares favorably to CA statewide results which show that the transfer rates for all CCC students statewide and CCC underrepresented students are 39% and 31%, respectively. [Sources: CCCCCO; Puente Project]
- ◆ The destination of most Puente transfer students is CSU, comprising about 58% of the program’s transfers to four-year institutions between 2006 and 2016. Over the same time period, proportion of Puente students who transferred to UC increased from 14% to 26%. [Sources: UC Info center; CSU Chancellor’s Office; National Student Clearinghouse; Puente Project]
